

Netball Player Points System Policy (Equalisation)

1.0 Objective of the Outer East FN Player Points System and Affiliate Club Sustainability

Outer East Football Netball believes the equalisation of community netball competitions is vital for the growth and sustainability of community netball in our region.

Equalisation measures in competitions lead to greater interest in growth and participation, which leads to stronger clubs and stronger competitions. Thus, allowing players, supporters, and club volunteers the chance to turn up on any given match day with the knowledge that the outcome of the game is uncertain and that their team has an even chance of winning. This mindset motivates people to become and remain engaged with their community club and provide rewards and recognition to all those that assist in putting a team out on the court.

The objectives of the Outer East FN Player Points System policy are as follows, to:

1. Promote player loyalty and junior development at club level
2. Support the role that volunteers undertake in managing their clubs by:
 - Minimising the need to fundraise for player payments
 - Providing a more competitive environment on court, that encourages more volunteers to support at club level
 - Providing incentive to spend more time and effort in the development of Netball, a welcoming environment and growing the game within the local community
3. Support the Equalisation of the community netball competitions
4. Ensure teams fielded in the competitions are strong and as equally matched as possible
5. Provide the best opportunities for players to develop and display their skills
6. Provide opportunities to compete at a community level within an orderly and fair system
7. Enable team spirit and public support
8. Encourage community and corporate sponsorships of affiliate Clubs
9. Encourage affiliate Clubs to develop players thru junior progression

This PPS policy sets out a framework of rules and guiding principles in relation to a player points system which should be adopted by affiliate clubs to achieve the above objectives.

8.3 Any alterations to an affiliate Club's Total Team Points cap under clause 8.2 or for any other reason must be prior approved by Outer East FN. For each match, a club must ensure that the Total Team Points allocation is calculated based on 10 x players participating in a match for that competition and this should be consistent for each match within a Season, within each Competition.

8.3.1 A Grade Team lists must consist of a minimum of 10 listed players and a maximum 12 listed players. It is at the club's discretion to the number of players listed between 10-12 however the Total Team Points calculated for the listed players must not exceed the clubs Total Team Point Allocation.

8.3.2 Where a team has less than 10 players on their A Grade team list, each remaining available spot shall be worth 2 points. i.e., Club A has 8 players that equate to 18 points, they must add an additional 4 points to accommodate the 2 missing players which will take their total team points to 22.
